FIRST Chesapeake FTC Event Selection System

The new event selection system allows a team to select the priorities for the events they wish to attend. The lead mentor will be emailed a link and temporary password. On initial login they will be asked to change the password. All the paid teams that have you listed as lead mentor 1 will appear in the team list. Once logged in, you should see a screen similar to the one below listing all your teams in a default group. If all your teams are going to the same event, you can just click on the manage event selections button and continue.

FIRST Chesapeake FTC Event Selection System

If different teams will go to different events, you can create a group for the teams you want to assign different event priorities. In the example below you can see that two groups were created, and the teams were dragged into the appropriate group.

My Teams

Hello, Ron T

Your Teams

- 99096: Test Team 1
- 99097: Test Team 2

Team Groups

Event preferences are assigned in groups. By default, all teams you mentor are in one group. You can create multiple groups and then drag teams between groups to edit.

Group Name   [Example Group]   [Create Group]

Default 🗑	Group1 🗑	Group2 🗑
	99096: Test Team 1	99097: Test Team 2

Next, click the Manage Event Selections to set that groups priorities. Click "Select" on the events you want to add. You can click and drag the selected events around to readjust the priority of your selections. Your selections will be auto saved but can be modified until that round of selections ends simply by logging back into your account and making the change.

Once that round of event selections ends, teams will be assigned to an event based on the lottery process and that rounds selections will be removed. This means that you must complete this selection process for each round of selections.
